

GZS3208KM PLUS

Industrial Direct & Dye-sublimation textile printer

Highlight:

1. Up to 8 Konica 1024a print heads with variable dots technology.
2. Negative pressure system and degassing unit ensure stable and bubble-free ink supply.
3. Alterable printing table enables printing on either textile or transfer paper as needed.
4. Rear-position media system with air shafts assures precise media delivery and adequate media drying.
5. Multi-stage IR system with steam exhaust system dries off the printing instantly before media rewinding.
6. Panasonic servo system and dual linear guides ensure high speed printing and long running life.
7. Automatic capping system prevent print heads from drying after daily working.
8. Professional textile rip - Ergosoft delivers smooth and vivid pictures.

GZS3208KM PLUS

Industrial Direct & Dye sublimation textile printer

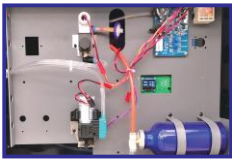

Konica 1024a print heads with variable dot tech.!

Konica 1024a print heads with variable dot technology deliver sharp detail, unparallel saturation, smooth tones and vibrant colors at high-speed printing.

Industrial stability and high speed!

Panasonic servo system, robust printer body, CNC aluminum beam and dual linear guides assure high speed, high resolution textile printing.

Negative pressure system!

GZ Negative pressure system with Japanese components, peristaltic pumps and degassing modules eliminates air bubbles to ensure quick setup and stable printing.

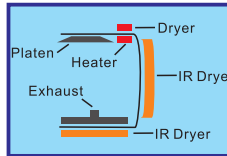

Multi-function feeding&taking up system!

Front taking up system plus unique rear taking up system with dual pneumatic rolls assure super stable and precise delivery for both fabric and transfer paper.

HFM Degassing module + GZ Degassing unit!

Japan-made HFM(Hollow Fiber Membrane) degassing module and GZ vacuum degassing unit eliminate the gas and bubbles inside the ink to assure fluent and stable ink jetting.

High efficient drying system!

Multi-stage IR dryers dry the ink off and exhaust unit removes the ink steam to prevent the printed media from moisture before media rewinding.

ITEM	SPECIFICATION			
Model	GZS3208KM PLUS			
Print Head	4/8 Konica 1024a print heads			
Ink	C.M.Y.K. dye sublimation ink/disperse ink/textile pigment ink			
Ink Supply System	Negative pressure system with degassing modules and pulsating pumps			
Printing Width	Max. 3200mm			
Media Type	Flag, Fabric banner, Curtain, Carpet, Transfer paper, Wall paper, etc.			
Roll Diameter	Max. 500mm			
Core Diameter	3 in (76.2mm)			
Roll Weight	Max. 80kgs (heavy feeding system)			
Dmedia System	Tension adjustable media feeding and taking system with air shafts			
Drying System	Post heater and Three IR Driers			
Printing Speed	Print mode	Resolution	1xYMCK	2xYMCK
	Draft	480x720dpi	119.5m ² /h	213.2m ² /h
	Production	480x720dpi	102.4m ² /h	157.6m ² /h
	Hi-Res	480x1080dpi	67.5m ² /h	130.4m ² /h
	Photo	480x1080dpi	45.3m ² /h	91.5m ² /h
Data Interface	External: USB3.0; Internal: High-speed optical fiber			
Working Environment	Temp.23°C~29°C, Humidity:50%~80%			
Software	Ergosoft GZ Edition...+GZ control console			
Power	50Hz/AC,220V±10% 8A(printer)+16.73Ax3(IR Drying system)			
Packed/Installed Size	LxWxH(mm): 5250x1350x1970/5066x1151x1717			
G.W./N.W.	1597/1180kgs			

Specifications are liable to change without prior notice. The printing speeds are measured in 3.2 m width printing.
