### 4 x Genuine Epson I3200 A1 heads

Epson I3200 has almost doubled NPI, higher fire frequency and greater print width than Epson DX5. 4 x staggered print heads deliver unparalleled productivity with high print quality .

### GZ Variable Dot Technology

GZ Variable Dot Technology delivers flawless skin tone, smoother gradient ,crisp text and intricate detail without compromising speed.

### Anti-wrinkle platen

Serried pinch rollers, high-precision platen, and post-platen expanding roller ensure wrinkle-free media stepping, especially when printing dark images.

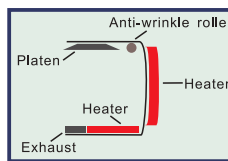

### Big Volume Ink Supply System

ink supply system with four groups of 1000ml ink bags enables quick setup, bubble-free printing, big volume output and easy maintenance.

### Heavy Duty Media System

Heavy-duty feeding system with air shafts assures precise media winding and rewinding for up to φ500mm, 150kgs of roll paper. Rear-position design enables adequate drying time.

### High-efficient Drying System

Multi-stage heaters dry the ink off and exhaust unit removes the ink steam to prevent the printed media from moisture before media rewinding.
